Chief, Real Estate and  
Construction Division  
Central Intelligence Agency  
Washington, D.C. 20505

25X1A9a

Dear

Reference is made to your letter of June 10, 1969, regarding a project for preparation of site and utility system drawing of the Central Intelligence Agency Headquarters Area (RE-L0-269-69P).

The Design and Construction Division has estimated the cost of the project at \$16,900. We realize that the results of this project could be of benefit to General Services Administration and we would like to participate, however, due to a reduction in our budget for administrative projects of this nature, we cannot participate at this time. If you wish to proceed with the project, we will be happy to coordinate it with the Design and Construction Division.

Sincerely,

*John J. Province*  
JOHN J. PROVINCE  
Chief, Buildings Operation  
Division

Best: 1 GSA already has \$13000 to start this personally. I think they should go ahead - we give them \$3900 more - but then see \$ BPS effort re mapping. OL 9 512
